

# 4D Cityscape Prague

**4D Cityscape** allows you to build **Prague** starting from the year 1892. You first build the patented floor puzzle that consists of 720 jigsaw pieces.

You then assemble the modern layer puzzle of Prague that consists of 600 jigsaw pieces!

# 4D Cityscape Prague

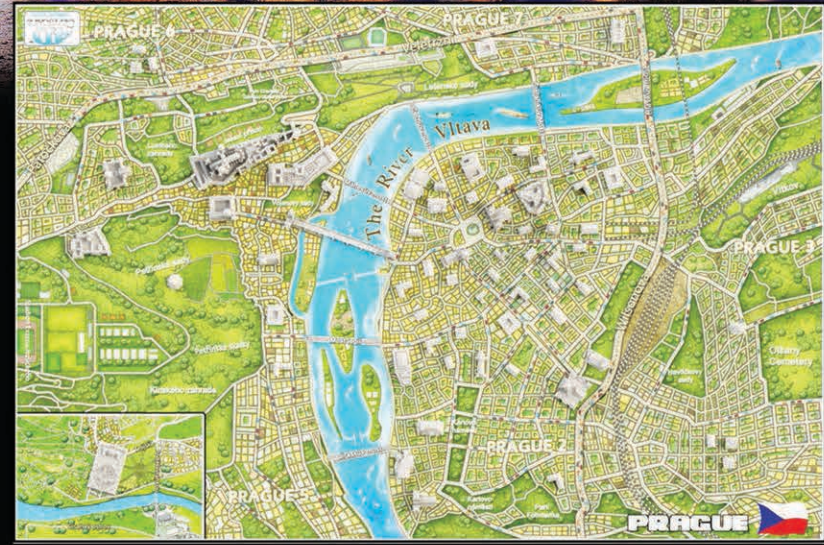

3

Then you refer to the **4D Time Poster** to identify and place each skyscraper on the map. This process is assembled in a time sequence according to the year each building was built. **Experience and rebuild the past, present, and future!**

# 4D Cityscape Prague
